Which one would you choose to offer a ride to, knowing very well that there could only be one passenger in your car? This is a moral/ethical dilemma that was once actually used as part of a job application.

- * You could pick up the old lady, because she is going to die, and thus you should save her first;
- * Or you could take the old friend because he once saved your life, and this would be the perfect chance to! Pay him back.
